<p><small>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</small></p>			
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is unconditionally registered in accordance with FIFRA section 3(c)(5), with an expiration date of 12/31/18, provided that you:</p> <ol style="list-style-type: none"><li>1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.</li><li>2. Signature of Approving Official:   Hope Johnson, Product Manager 21 Fungicide Branch, Registration Division (7505P)		Continued on page 2  Dare:  <b>SEP - 8 2014</b>	

3. Submit a qualitative summary addressing release, exposure, consequence assessments and an overall risk estimation with regard to adverse public health effects resulting from the approved pome fruit registration. The qualitative summary must be submitted no earlier than six months before the registration expiration date and be reflective of cumulative use of kasugamycin on pome fruits in all states where kasugamycin is registered and used during the time-limited registration period.
4. As required under FIFRA Section 6(a)(2), you are required to report information concerning unreasonable adverse effects, which includes information regarding resistance detection and misuse information to the Agency.
5. Submit one copy of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. Submit one copy of the revised final printed label for the record before the product is released for shipment.

This registration will expire, without hearing rights, on December 31, 2018, unless the registrant submits an amendment to remove the time limitation. Submission of the qualitative summary required above in paragraph 3 is important to the Agency's evaluation an amendment to remove the time limitation. Thus the Agency recommends submitting such an amendment at the same time as the required summary and not before. Upon receipt of an amendment request, the Agency will review all available information and will re-evaluate whether the registrant's product increases the risk of unreasonable adverse effects on public health. The Agency will attempt to issue its decision on the amendment request no later than the expiration date of the registration. If the Agency fails to make a determination on the amendment by the expiration date, the registration will remain in effect until the Agency makes such a determination.

The basic CSF dated 8/31/2012 is acceptable and will be added to the regulatory file. A copy of the label stamped "Accepted" is enclosed for your records. If you have any questions, please contact Shaunta Hill at 703-347-8961 / hill.shaunta@epa.gov or Hope Johnson at 703-305-5410 / johnson.hope@epa.gov.
